INDICI

Sono stati redatti a corredo dell'inventario indici dei nomi delle istituzioni ed enti, dei nomi di persona e di luogo.

Nell'indice delle istituzioni, uffici, magistrature o cariche pubbliche, enti sono stati posti a lemma i nomi delle istituzioni e degli enti facendoli precedere, quando è stato possibile rilevarlo, dall'indicazione geografica cui l'istituzione o ente si riferisce o in cui è ubicata. I singoli lemmi sono articolati in modo gerarchico (dal generale al particolare): di seguito alla località viene indicata l'istituzione principale, poi i suoi uffici e infine le singole cariche.

Nell'indice dei nomi di persona sono stati posti a lemma in ordine alfabetico di cognome e nome tutte le persone citate nell'inventario.

Nell'indice dei toponimi figurano tutti i nomi di luogo citati. Nel caso in cui l'identificazione non è stata riconosciuta come certa il lemma è stato posto in indice tra virgolette. Per i nomi di luogo non italiani, viene indicato lo stato di appartenenza.

Il punto di domanda tra parentesi quadre indica dubbi o incertezze sull'ubicazione dei toponimi che non sono stati sciolti del tutto.

Per tutti e tre gli indici viene fatto rimando all'unità archivistica preceduta dall'indicazione del faldone o registro in cui essa è contenuta.

Per la compilazione degli indici si è fatto riferimento alla *Guida operativa per l'ordinamento e l'inventariazione degli archivi storici di enti locali* pubblicata a Milano nel 1992 dalla Regione Lombardia, Settore Cultura e Informazione, Servizio Biblioteche e beni librari e documentari nell'ambito del *Progetto Sesamo, Archivi Storici in Lombardia*.
